She is overrated
She is overrated

Saturday: she's going out tonight
It's your turn to be Mr. Right, right now
And she'll get breaking your heart down to an art
Unless you turn around, trust me

And then I hear
That she can't go the weekend on her own
And you are just her stepping stone
'Cause she can't touch the ground alone

She is overrated
She is overrated
She is overrated
And I am over her

Oh, I forgot to introduce myself
I'm just a smile on her shelf
That's me, second from the left
And you might think it's different this time
Then again, so did I
Well, I tried

And then I hear
That she can't go the weekend on her own
And you are just her stepping stone
'Cause she can't touch the ground alone

She is overrated
She is overrated
She is overrated
And I am over her

Pay me nothing but attention
And I will be yours
Maybe not, but then again
I'm the fool that fell for her

She is overrated

She is overrated
She is overrated
And I think I'm over her
