Looking at my black book
In fact it's more blue
To find someone who
Is similar to you

Chorus:

Similar to you, similar to you, similar to you,
Similar to you
Similar to you, similar to you, similar to you,
Similar to you
(Tell me you are lonely baby)
Similar to you, similar to you,
(Tell me you are lonely baby)
Similar to you, similar to you

Tell me you are lonely
Say that I am, too
'Cause I cannot find her
Similar to you

Chorus

Gonna have to call you
Gonna have to phone
To tell you that I am sorry
For leaving you alone

Chorus (2x)
