You walked in and found her with tears in her eyes  
She couldn't tell you exactly why  
There ain't nothing wrong but there ain't nothing right  
Try to figure it out boy, you're wasting your time

All it takes is a tender moment  
A loving word or the touch of your hand  
All she needs is a tender moment  
Let her know you'll always be her man  
That's the kind of thing a woman understands

It's a fast lane world that we're living in  
Sometimes love takes a little test bend  
But it don't take much to straighten it out  
A little affection's all I'm talking about

All it takes is a tender moment

A loving word or the touch of your hand  
All she needs is a tender moment  
Let her know you'll always be her man  
That's the kind of thing a woman understands

Everyday she needs to hear you love her so  
So take the time to let her know

It ain't a brand new house, it ain't diamond rings  
Big bank accounts don't mean a thing  
Still gonna need what money can't buy  
Someone to hold her when she needs to cry

All it takes is a tender moment  
A loving word or the touch of your hand  
All she needs is a tender moment  
Let her know you'll always be her man  
That's the kind of thing a woman understands

All it takes is a tender moment  
A loving word or the touch of your hand  
All she needs is a tender moment  
Let her know you'll always be her man

That's the kind of thing a woman understands
