Don't talk to me, don't speak, don't say a word
I already know what you're thinking
You wanna move, you got a itch
Wanna see if the grass is greener
If it's always raining, then somebody's crying
But if it's always sunny, then somebody's lying
And one day when you run down your list of regrets,
You'll see that I'm as perfect as you're gonna get, yeah

You got your head in the clouds, your heart your a
sleeve
And you will stay with her evry now and then
It's like the bigger the lie, the more you believe
But you have no idea what you're up against
(X2)

Baby, you know the fact the other side would be easy
She only shows you what she want you to see
But if you gotta go through hell with somebody,
Why don't you do it with me?

You got your head in the clouds, your heart on a sleeve
And you will stay with her every now and then
It's like the bigger the lie, the more you believe
But you have no idea what you're up against
What you're up against

Don't talk to me, don't speak (Mm...), don't say a word
I already know what you're thinking (Mm, mm, mm)
You wanna move (Mm), you got a itch (Yeah)
Wanna see if the grass is greener
So if it's always raining, then somebody's crying
But if it's always sunny, then somebody's lying
And one day when you run down your list of regrets,
You'll see that I'm as perfect as you're gonna get, hey,
hey...

Babe, you really think that love would be easy
Well, everybody, that's on love on degree
'Cause if you gotta go through hell with somebody,
Might as well do it with me

You got your head in the clouds, your heart on a sleeve
And you will stay with her every now and then [you
keep runnin' away]
It's like the bigger the lie, the more you believe
But you have no idea what you're up against
You got your head in the clouds, your heart on a sleeve
[Head in the clouds]
And you will stay with her every now and then
It's like the bigger the lie [The bigger the lie],
The more you believe [Ooh, yeahh]
But you have no idea [Ooh] what you're [Who] up
against
[You-ou messin' with? Yeah]

Oh you have no idea what you're up against
What you're up against, ah
Have no idea what you're up against
Have no idea what you're up against
