I always find a pic by the phone when I find myself  
alone, and I write a love song about you.  
You ask me if I'm blue and I tell you that I'm happy just  
thinking about you.  
You've turned my heart around and you let me see a  
side of you that no one else has seen.  
The lights are turned way down and you're whispering  
your thoughts, your fears, your worries and your  
dreams.

Do you know I worry on the inside,  
I will find out that you were untrue.  
My friends all tell me you're a ticking time bomb (he's a  
ticking time bomb)  
I worry that you'll break my heart in two.
