I saw your name on a little license plate.
I'd like to buy it cause I think you're really great.
Tour heart throb. Tour Heart throb. Tour heart throb.
He's driving away, but we wish that he would stay.
I hope someday you and I can go to France.
We'd hold hands and I'd get to see your underpants.
Tour heart throb. Tour Heart throb. Tour heart throb.
He's driving away, but we wish that he would stay.
Tour heart throb. Tour Heart throb. Tour heart throb.
He's driving away, but we wish that he would stay.
Please don't go too far, gotta know where you are.
I guess I'll see you around cause we live in the very
same town.
