[Verse 1: XV]

I did it, you dreamed it, now live it, you seen it
I did it, I can't see a thing with this thing called Tunnel
Vision
From life to living, it's nice but is it 'cause hoes think I'm
like panty
Hose
Running up in women, it sucks that I'm so driven
And I don't fucking listen, I got a living room I'll never
live in
Got a home that I've never been in, on the throne that
you'll never sit in
Lose sight of my life every night that I get on the mic
'cause I'm on a
Mission
I'm falling, mom calling, can't answer, recording
She says that she thinks I'm a void and I tell her I'm not
Then what do you call it? Gone and I ain't coming home
I know it feels so wrong, I wish that I could see you but
honestly, I just
Don't
'Cause I am in my zone, I turn everything off so they
ask me what I'm on
And I just tell 'em Tunnel Vision, Tunnel Vision, Tunnel
Vision, Tunnel
Vision
I ain't seeing y'all, this is what I call Tunnel Vision

[Verse 2: XV]

I love her, she knows it, I told her, she just wish I
showed her
But I can't user share my heart and zip it in a folder
Go down her, upload her, my console console her
She says I don't dial up so why is the connection
slower?
Baby, keep your weapon lowered, I used to X and O her
Now she thinks I need my space so I just exit row her
I'm in the sky with a window seat but I don't know why
'cause my eyes don't
See
Anything but the dream that I try not to peek but I think

I'm falling

She calling, can't answer, recording, she says that she
thinks I'm a void
And I tell her I'm not then what do you call it? Gone and
I ain't coming
Home
I know it feels so wrong, I wish that I could see you but
honestly, I just
Don't
'Cause I am in my zone, I turn everything off so they
ask me what I'm on
And I just tell 'em Tunnel Vision, Tunnel Vision, Tunnel
Vision, Tunnel
Vision
I ain't seeing y'all, this is what I call Tunnel Vision,
Tunnel Vision,
Tunnel Vision
Tunnel Vision, Tunnel Vision, I ain't seeing y'all, this is
what I call
Tunnel Vision

[Verse 3: XV]

I ain't on a rich high, I am on a po' low, call that shit my
high horse
My life like Hildalgo all I wanted was vacations where
we all go
Now I'm left in places, vacant spaces, where did y'all
go?
I'm falling, I'm calling, please answer, I promise
Tunnel Visions keeps me a void and I said that I'm not?
Then what do I call it? Gone and I ain't coming home
I know it feels so wrong, I wish that I could see you but
honestly, I just
Don't
'Cause I am in my zone, I turn everything off so they
ask me what I'm on
And I just tell 'em gone and I ain't coming home
I know it feels so wrong, I wish that I could see you but
honestly, I just
Don't
'Cause I am in my zone, I turn everything off so they
ask me what I'm on
And I just tell 'em Tunnel Vision, Tunnel Vision, Tunnel
Vision, Tunnel
Vision
I ain't seeing y'all, this is what I call Tunnel Vision
