"Waiting Here"

Sometimes things are tough and you don't know what to do.

You said it all but not enough, are we gonna make it through.

Cause I don't wanna see the end of you and me.

So I wait by the phone, will I ever hear from you?

Is it all said in stone, is there nothing I can do?

I know what I want but it all depends on you. Yeah it all depends on you.

Chorus

Every time I see your face, every time you walk away,
I'll be waiting here for you.

And when my heart begins to race, everything falls into place,

I'll be waiting here for you cause I know you want me to.

As time moves on, there's no one else but you.

I can't deny the love I feel for you.

I hope you see just what you do to Me. (Everything you do)

Just what you do to me.

Chorus

Every time I see your face, every time you walk away,
I'll be waiting here for you.

And when my heart begins to race, everything falls into place,

I'll be waiting here for you cause I know you want me to.

Even if it takes forever, I'll be waiting here for you.

Even if we're not together, I'll be waiting here for you.

I know it might only, only be a matter of time until I make you mine...

Chorus

Every time I see your face, every time you walk away,
I'll be waiting here for you.

And when my heart begins to race, everything falls into place,

I'll be waiting here for you cause I know you want me to.

I'll be waiting here for you cause I know you want me to.

I'll be waiting here for you cause I know you want me to.

When my heart begins to race, everything falls into
place, I'll be waiting here for you...
