The Explosion
"When I Met You"

Visit "When I Met You" on MotoLyrics.com

There I was an empty piece of a shell
Just minding my own world
Without even knowing
What love and life were all about

Then you came, you brought me out of the shell
You gave the world to me
And before I knew
There I was so in love with you

You gave me a reason for my being
And I love what I'm feeling
You gave me a meaning to my life
Yes, I'm gone beyond existing
And it all begun when I met you

I love the touch of your hair
And when I look in your eyes, I just know
I know I'm on to something good

And I'm sure my love for you will endure
Your love will light up my world
And take all my cares
Away where they can't bother me

You gave me a reason for my being
And I love what I'm feeling
You gave me a meaning to my life
Yes, I'm gone beyond existing
And it all begun when I met you

You taught me how to love
You showed me how tomorrow and today, my love
That's different from the yesterday I knew
You taught me to love and darling,
I will always cherish you

And I'm sure when evening comes around
I know we'll have a love like never before
My love, who could ask for more

You gave me a reason for my being
And I love what I'm feeling
You gave me a meaning to my life
Yes, I'm gone beyond existing

You gave me a reason for my being
And I love what I'm feeling
You gave me a meaning to my life
Yes, I'm gone beyond existing
And it all begun when I met you
