There ain't no minute hour or day that goes by  
And you don't cross my mind  
It's almost like breathing  
It nothings natural anymore  
After you left my world  
Just up & went away  
Straight M.I.A.  
A.W.O.L. I'm trying to track you down  
But will I find you

[Chorus:]  
Will I find you on a map  
Spot your location on GPS  
Shoot me a sign  
Do I follow the stars  
How do I reach your love address?  
Girl where are you now  
You're gone without a trace  
Lost in space and time  
Where do I find you  
Girl where are you now

We're so far apart  
And I Feel you going even further  
I feel like a little boy  
Who's lost his favorite toy  
Like it vanished into thin air  
I'm trying hard to be a man  
Fighting back the tears as hard as I can  
Searching through the crowd  
Hoping I can catch you from afar  
But you are not on the radar

[Chorus]  
Where are you now  
Now when I need you the most  
More than ever before  
My heart is torn up  
Into a million, billion pieces  
When and where did I lose you

I'm trying hard to reach you  
Can you hear me  
Cause Darling I need you  
You're the one thing  
I prayed I'd never lose

[Chorus]
