"Where We Belong"

I wake up every mornin'
I just wanna hide,
I wanna get away and find my other side
Another place i just cant describe.

I call the girls out,
They all feel the same
I know a place where we can hide away
I gotta get away
Before I go insane

Were running away from good vibrations,
Were running away to sweet sensations,
Were running away from were we belong, yeah
Were searing our way through deep blue oceans,
Were making our way with our magic motion
Were gonna get were we all belong,
Were we all belong.

So come on lets move away from the shore,
Lets drift away above the ocean floor,
Cant get enough, want it more and more.
Dont wanna think about when this has to end,
Dont wanna think about how we all pretend,
I dont care 'cos I'm having fun with my friends, yeah

Were running away from good vibrations,
Were running away to sweet sensations,
Were running away to were we belong, yeah
Were searing our way through deep blue oceans,
Were making our way with our magic motion
Were gonna be were we all belong,
Were we all belong.

And every time we feel this way,
Our secret place will save our day,
We will always feel free

Were running away from good vibrations,
Were finding our way to sweet sensations,
Were running away to were we belong, yeah

Were searing our way through deep blue oceans,
Were making our way with our magic motion
Were gonna be were we all belong,
Were we all belong.

Were running away from good vibrations,
Were finding our way to sweet sensations,
Were running away to were we belong, yeah
Were searing our way through deep blue oceans,
Were making our way with our magic motion
Were gonna be were we all belong,
Were we all belong.

Yeah.
