Can't get much more than I'm finding,
Too many places,
I'm bound too close to the quota
Rest stops the time clock it's winding it's way,
Sound advice your taking to close to your heart.
Fighting..your way.
. Four folds the blue box.
Can't fold out my friends for long but that was charity
Set in my ways but that was chastity
Good-bye my friends....but that was yesterday.
That was yesterday
Too bad about yesterday.
Can't get much more than I'm finding,
Too many places,
I'm bound too close to the quota
Rest stops the time clock it's winding it's way,
Sound advice your taking to close to your heart.
Fighting..your way.
Four folds the blue box.
Can't fold out my friends for long but that was charity
Set in my ways but that was chastity
Good-bye my friends....but that was yesterday.
That was yesterday
Too bad about yesterday.
It's nice to see you down low it's good to be part of it.
