Oh your? music
Oh your? music
Oh your club music
Your club music
Your club music goes like this baby
Your club music goes like this baby
Your club music gogo like this baby
Your club music goes like this
I heard of repetition up until now
I heard of repetition up until now
I heard of repetition up until now
I heard of repetition up until now
This is how your music goes round and round
Through the fxxkin wall baby I hear the sounds
Every single day fxxkin it's the same song
Doesn't sound like you fxxkin change the song
Every single day I hear it go round and round
Every single day I hear it go round and round
This is how your music fxxkin god damn sounds
At the moment baby gotta take down baby

Down a notch baby
Botch baby
Gonna botch the job
I knew you were a slob
From the beginning baby when you moved in here
Started messin around with my atmosphere
Space is important for me as well
Baby I need some ssssilence myself
Baby stop playin the club music
Stop playin the fxxkin... club music!
I heard of repetition until up now
I heard until repetition about now
I heard of repetition baby up until now
I heard of repetition baby up until now
I heard of god damn!
Up until now
I thought I heard a bassline up until now
I thought I heard music? up until now
I thought I heard repetition up until no-ow
