Right from the day, I saw your face, and it all just felt
so right.
And when I look back, I see the smile, you gave to me
that night.
You are the gate right to my heart.
I wanna live like this forever and ever.

You're everything good to me
You make me free
You're everything I'll ever need
You're all I dream
You're everything
You make me complete
And now I can fly above the ground
Cause you're everything, you're everything.

Oooh yeah...

It's finally clear now that your here, I've lost all that I
fear.
I'll always embrace this fantasy place, this all just feels
so real.
Under the sun, under the rain, just as long as I'm with
you, with you...

You're everything good to me
You make me free
You're everything I'll ever need
You're all I dream
You're everything
You make me complete
And now I can fly above the ground
Cause you're everything, you're everything...

Not a lonely day goes by
With you right here by my side
You give me the strength
I can do anything, anything
When you are here
My mind is clear

You're everything good to me
You make me free
You're everything I'll ever need
You're all I dream
You're everything
You make me complete
And now I can fly above the ground
Cause you're everything, you're everything...

You're everything
