Failure
How did I never see it before
And I'm back again begging for more
Before I realized that you would be my demise
I despise you as if that's a
Fucking surprise to you

Your social ladders failing down
And your the talk of the fucking town
I would have done anything for you
I took a look into the real you
And now I never
Wanna see your fucking face
Fuck you

Was there ever a choice
I'll never surrender to these
Feelings I have rendered
You've Got A Major
In head fuck and you aint afraid to use it
Your loose this
Motherfucker
Your done
