I say hello, but you're not here
the thing I wanted the most
and now there's nothing but tears
Hello hello, welcome my fears
being the best I could be
anyone saw that I..

Try not to see
what you did to me

So you could be here
I try not to breathe
Forbid me to feel
So I could be...

Won't you stop that
What you're doing to me?
It's gettin harder to live
Won't you come back
From the place that you're in
And become what i need

I say hello, there's no one here
I'm all alone in this room
And nothing seems to be clear
Day after day, year after year
And everything still's the same
The only thing that has...

Changed is that you
Walked out of my life
Without giving a reason or
Why all broke down
Into my own eyes
Making me what I am so now ...

Won't you stop that
What you're doing to me?
It's gettin harder to live
Won't you come back
From the place that you're in

And become what I need (x3)
