

## Hall Effect, The "Not Alone"

Visit "[Not Alone](#)" on [MotoLyrics.com](http://MotoLyrics.com)

When you feel that you're wrong  
And everything is gone  
You're not alone  
If you feel lost  
I'll show you the way back home  
And keep you safe in my arms

'cause where you are  
It feels so dark  
And all you want  
is to disappear but don't  
just stay...

When all the pain is more  
That all the strength you own  
You're not alone  
If you feel lost  
I'll show you the way back home  
and keep you safe in my arms

'cause where you are  
It feels so dark  
And all you want  
is to disappear but don't! just

Stay, you're not alone  
Don't go away, you can go on...

Why don't you staaaay!...  
you're not alone  
Don't go away, you can go on
