Strange as it sounds  
I let myself drown  
And let you in  
let the madness begin

The green beans are off  
And my perception is far  
From being wrong  
Well now im out of your world

It's everything you wanted to  
A trip to space up on the moon

Strange as it seems  
I let this insanity between  
Two brains part of this team

Because of you I adore  
The beans that knock at my door  
Could this be wrong?  
Don't care I'm leaving this store

It's everything you wanted to  
A trip to space up on the moon

But when I feel down  
I'm not going along  
I'm just roaming on my own

If all of this fails  
I've got you by my nails  
That's all that matters at the end

Strange as it seems  
This dream is purely unreal  
So now get me my pills  
And get the hell out of here!

It's everything you wanted to  
A trip to space up on the moon  
It's everything you wanted to

Your life can change up by the moon
