

In Case Of Emergency

"SIT DOWN ON MY FACE"

Wouldn't you tell me that your lips and titts are mine

Every time I touch you know I'm feeling fine

I fuck you on the floor until you scream for more

Some orgasms 'bout three or four

it always is hardcore

Come on baby sit down on my face

I love this pretty place

When I'm fucking you you know I love you

Come on baby join me for a ride

I know you cannot hide

Everytime I touch it's a killercrush

Give me your liquid baby and I'll give you mine

My kind of thirst cannot be satisfied with wine

Plug it in and out, and I just can't live without

Some orgasms 'bout three or four

it always is hardcore
