Was it more than attraction and a physical lust?  
Her loins, my imagination, that first inconceivable  
touch  
That I was planning, uh, I mean wishing, uh  
How embarrassed I'd been if you knew what I was  
thinking, uh

And whoa, when it started, my first thought was love  
Not just lust, because when I heard you speak, I felt  
warm  
In the evening I saw you, you were warming the bass up  
Your hair covered your face up  
I was acting indifferent at the march booth, putting on  
makeup

We met up at a party in a swamp on a yacht  
I spun the helm, but we were docked  
I crossed my fingers, but I didn't beg

'Cause I knew you knew  
'Cause I knew you knew, I liked you  
I knew you knew, I liked you  
I knew you knew it

But I figured desperate guys  
Never had a chance with you  
I figured desperate guys  
Never had a chance with you

Close to you, wishing we're conjoined at the tongue  
Can you hear me thinking? I should stop  
I crossed my fingers, but I didn't beg  
'Cause I knew you knew  
'Cause I knew you knew, I liked you  
I knew you knew, I liked you  
I knew you knew it

But I figured desperate guys  
Never had a chance  
I knew you knew, I liked you  
I knew you knew it  
But I figured desperate guys

Never had a chance with you

I figured desperate guys  
Never had a chance with you  
I knew that desperate guys  
Would never have a chance with you

I knew you knew, I liked you  
I knew you knew it  
I knew you knew, I liked you  
I knew you knew it  
I knew you knew, I liked you  
I knew you knew it  
I knew you knew, I liked you  
I knew you knew it
