You're running in the night hiding from the light of day

You say you're fine but I know better
'Cause you would never act that way.
If something wasn't wrong
If something wasn't out of control

And though you don't seem all
That different than everybody else I know

Coming from you
That's nothing but strange behavior

What you're going through

Causing that strange behavior - so strange !

Something isn't right
Something's got you under it's spell

And I would not be so suspicious if I didn't know you so
well.

You might as well confess
You know that I'm gonna find out

So just don't keep on acting
Like you don't know what I'm talking about.
Coming from you
That's nothing but strange behavior
...

It's so strange - you don't even talk to me

Now you've changed - you're nothing like you used to
be.
Talk to me - talk to me !

Coming from you
That's nothing but strange behavior
...
Coming from you

That's nothing but strange behavior

...

Strange - talk to me ! (8x)
