Strange as it sounds
I let myself drown
And let you in
let the madness begin

The green beans are off
And my perception is far
From being wrong
Well now im out of your world

It's everything you wanted toâ€¦
A trip to space up on the moon

Strange as it seems
I let this insanity between
Two brains part of this team

Because of you I adore
The beans that knock at my door
Could this be wrong?
Don't care I'm leaving this store

It's everything you wanted toâ€¦
A trip to space up on the moon

But when I feel down
I'm not going along
I'm just roaming on my own

If all of this fails
I've got you by my nails
That's all that matters at the end

Strange as it seems
This dream is purely unreal
So now get me my pills
And get the hell out of here!

It's everything you wanted toâ€¦
A trip to space up on the moon
It's everything you wanted toâ€¦

Your life can change up by the moon
