EA: Queen Inanna, step into my room
Shake off the darkness, shake off the gloom
Have a seat, my dear, and talk a while

Tell me, lady, what brings you here?

INANNA: It's been so long, it feels like years

EA: Oh, Inanna, it's good to see you smile
Have a drink with me

Come and feast at this table laden
With foods of love that would tempt any maiden

INANNA: Oh, Ea, I've always liked your style
You know how to make me smile

EA: Taste these fruits, accept these flowers
I could talk to you for hours
I would love to hear what's on your mind

Have a cup of wine

INANNA: I've been told that you possess directions
To make a city realize perfection

EA: Is that the reason, Inanna, that you've come here?

INANNA: Would you be a dear?

EA: Here is the crown, the staff and sceptre...

INANNA: ...Have more wine, for it's as sweet as nectar

EA: Lady, I'm already drunk upon your charms
Come into my arms

INANNA: And what is this?

EA: It is the information
Needed by the gods to raise a nation

To such heights, that it before has never seen

Are you from my dreams?

This reveals the rites of temples
Writing and the fundamentals
Of music, and of art and masonry
How to weave and work with metal
Oh, your skin is like a petal....

INANNA: Oh, Ea, you're looking tired
Come and lie with me beside the fire
By the way, could you make a gift of this?

EA: It's yours for just one kiss....
