Light up the moon,
Scratching and burning,
Pieces of you.
Something is bigger and brighter
(On the other side!)
Put down your books,
Pick up your lighters!
Scare me if you can,
Nothing can happen.
You stay heavy on my mind,
Can't escape you if i try,
Cause i know you can't escape the night.
I don't have anything better to do than you.
Higher, higher than i could ever get again in my life.
Cause i don't desire anything but you.
I can pick you up and undress you.
Take your blue dress off and mess me up tonight.
Expensive crescent impress me with yor presence,
now digest your tentions.
Officially licensed, to wreck you excitment.
You stay heavy on my mind can't refuse you if i try,
make me not afraid to lie.
Now im on a fucking head-trip!
Regurgitate all your ambitions
Caught up in this so bad, im losing my head
IS THIS A SUBLIMINAL HIT!? Sure i say im alright but it's
not all fine
