I fucking hate myself  
'Cause my words just curse, and sentence life to death

Here we go again  
Losing all my friends  
Distorting the truth  
To lie to you again

Stuck in this hole  
Where no one will ever go  
Have to find somewhere else  
With someone else's whiter fences

As if to  
Annoy you  
On purpose just cause I can

Here we go again  
Losing all my friends  
Distorting my truth  
To lie to you again

Here we go again  
Losing all my friends  
Disconnect from them  
To side with you again

If I go down  
I'm taking the world WITH ME!!!  
WITH ME!!!

As if to  
Ignore you  
On purpose just cause I can

Here we go again  
Losing all my friends  
Distorting her truth  
To lie to you again

Black and white has never been so bright

Black and white has never been so bright

Woah!

The silence guts me  
Eats me alive  
Looking for a ladder, to climb to her level

Here we go again  
Losing all my friends  
Distorting my truth  
To lie to you again

Here we go again  
Losing all my friends  
Disconnect from them  
To side with you again

Black and white has never been so bright  
Black and white has never been so bright
