The setting sun  
Shall rain to pass the fun  
For everyone  
But I don't show anyone

First, I'm the worst  
To believe is your real friend  
I won't, ever, leave this bed again

When I think about the times we had  
I'm indifferent  
This rain has been lifted, into the sky

Out of the corner of my eye  
I saw this coming  
And it's not stopping

Dead, and gone  
You could have stopped  
You could have stopped me if you tried  
But it's real now  
That you don't have me inside  
Cause inside you're blind  
Confused and undefined

When I think about the times we had  
I'm indifferent  
This rain has been lifted, into the sky

Out of the corner of my eye  
I saw this coming  
And it's not stopping  
Until I'm dead, and gone  
You could have stopped  
You could have stopped me if you tried  
But it's real now  
That you don't have me inside  
Cause inside you're blind  
Confused and undefined

When I think about the times we had

I'm indifferent  
This rain has been lifted, into the sky

Out of the corner of my eye  
I saw this coming  
And it's not stopping

Got to find a way outta here  
Got to find a way out

Got to find a way outta here  
No need to scream and shout

I trusted you, would've got my friend  
We're stabbed...?

If I had one wish  
I wish that you get out of my life  
Wish that you were crushed so hard

Got to find a way outta here  
Got to find a way out

Got to find a way outta here  
No need to scream and shout

I don't want to ever see you again  
I don't want to ever see you again

Got to find a way outta here  
Got to find a way out

Got to find a way outta here  
No need to fuck around
