Waiting on my confidence
To feel the knife run through

Tear you down and leave you here
Cast your fears aside
She was nothing more than a game to me anyway

Call out!!
With the little bit of confidence she left here
Shot down!!
Isn't it a shame you have nothing left

Tear you down and leave you here
Cast your fears aside
She was nothing more than a game to me anyway

Last call!!
You don't have to go home but you cant stay here
Back down!!
Everyone you brought down with you I just cant ever
forgive you
Tear you down and leave you here
Cast your fears aside
She was nothing more than a game to me anyway
Semi-Fiction Lyrics

Pencil you out, just to erase you
I've got a bad taste in my mouth thanks to you!!!

Pencil you out, just to erase you
I've got a bad taste in my mouth thanks to you!!!

You fetish hoe, aw fuck!
I don't see any reason that could possibly be!
Are you alarmed?! please stay calm.
I'm walking away. I don't think you should go!
