On the first date
I hoped you would see this through
But now you're leaving
I don't know what I'm supposed to do
You're not listening
I'm clearly just not getting through
So if you're leaving
I won't stand in front of you

Tell me there's something in this web we weave

Can't you see? You know!
This's chapter's closed after all

Would you come back?
If I said all the right things?
Would you come back?
If I didn't ever need anything?
Oh baby tell me
Anything I have to do
When you read this
I hope you know these words are meant for you

Tell me there's something in this web we weave
Can't you see? Now I know
You can't be everyone's friend
Oh no no!

Tell me anything, begging, pleading
Take back what you said!
Wish all this was pretend
But now I know!
You can't be everyone's friend... all the time

On the first date
I hoped that you would see the truth
But if you're leaving
I won't stand in front of you again...
