I made the best mistake of my life
Woke up one day and I realized
I'd had enough of this shit
(This shit)
And nothing they can say
Would make me change my mind about it
I wanna live before I get old
Don't wanna study half my life get a job and then get
bored
So listen when I say: this life just has to go
Cuz I'd rather be dead than going with the flow

Don't let them tell you they're right
Cuz they don't know what the hell they're talking about
They don't care what you think or what you say
Cuz it doesn't matter anyway

All my life, I've been told to stand line
Too many times, I'm going out of my mind
I wanna live my own life
Not just repeat theirs
And they can say their pissed
But I really don't care
They all feel that I should be ashamed
And they just can't figure out, if there's someone else
to blame
So when they make you feel like you're a disgrace
Just let it all out and scream in their face

Don't let them tell you they're right
Cuz they don't know what the hell they're talking about
They don't care what you think or what you say
Cuz it doesn't matter anyway

Why won't they listen?
Why can't they see?
Why can't they understand, I wanted it this way
And I really don't care what they think or what they say
Cuz one thing I've learned; it doesn't matter anyway

Don't let them tell you they're right

Cuz they don't know what the hell they're talking about
They don't care what you think or what you say
Cuz it doesn't matter anyway

Don't let them tell you they're right
Cuz they don't know what the hell they're talking about
They don't care what you think or what you say
Cuz it doesn't matter anyway
