(Slavens, Muller)

taste of blood  
on my lips  
cold spot in my heart  
man of action  
plan of action  
no reaction  
cold spot in my heart  
there's a cold spot in my heart  
if I love you  
I can hurt you  
cold spot in my heart  
everything that you say can be used  
in a cold spot in my heart  
I've got a cold spot in my heart

the knife cuts  
my heart bleeds  
please don't push me baby,  
there's a cold spot in my heart  
just can't be responsible  
for tearing you apart  
when I'm in my alligator brain  
I see my chance  
I make my move  
got a cold spot  
I've got a cold spot in my heart  
once I'm in motion  
there is no devotion  
just one cold emotion  
cold spot in my heart  
I've got a cold spot in my heart
