i?m grinning like a cheshire cat
i?m grinning like a fool
you hold my face and i feel the scars
and i got every single one from you
but i don?t master my everyday tasks
and i don?t i don?t want to do
and i got those pictures from you
and i?ll make i?ll make it come true

chorus:

i don? t care ?bout love
i don?t care ?bout all your love
i don?t care ?bout love , ?bout love

and i don?t master my everyday tasks
and i don?t want to do
and i got those pictures from you
and i ?ll make it come true.
i ?m the liar the only one
i never will stop myself
until the job is done
we played to loud and we lived too loud
and we screamed too loud for sure

chorus
