Did ya hear the news girl, hear what's coming down
Best get yourself ready girl, comin' into town
Wearin' all black leather, I'm your night time man
Cuz I am the leader
Of the Black Whip Thrill band

Teach ya how to whisper, teach ya how to shout
Take ya all those places, ya always dreamed about
And when the night times over, I'm sure that you will
understand
What it means to be loved
By the Black Whip Thrill band

3 o'clock in the mornin, you lie alone in bed
Feel my fingers creepin honey, up beside your head
You crawl in the darkness, oh good God you
understand
What it means to be loved
By the Black Whip Thrill band

Now you know the truth girl, now you know the score
Now you know what night time, was invented for
And if any one should ask you
Just smile and offer them your hand
And tell them you will gladly lead them
To the Black Whip Thrill band
3 o'clock in the mornin, you lyin alone in bed
Feel my fingers slitherin' honey, up beside your head
You crawl in the darkness, oh good God you
understand
What it means to be loved
By the Black Whip Thrill band
What it means to be loved
