[Verse 1:]

There's no use in crying  
All my tears won't drown my pain  
Free me from your sorrow  
I can't grieve you again

I watched you let yourself die  
And now it's too late to save you this time

[Chorus:]

You bury me alive  
And everybody's got to breathe somehow  
Don't leave me to die  
Too consumed by your own emptiness and lies

[Verse 2:]

All I did was love you  
And now I hate nightmare you've become  
I can't let you fool me  
I won't need you again

I watched you let yourself die  
And now it's too late to save you this time

[Chorus:] x2

You bury me alive  
And everybody's got to breathe somehow  
Don't leave me to die  
Too consumed by your own emptiness and lies

I can't feel this love we used to hold  
All I see is black and cold  
As I try to pull you down  
To the ground, the ground

Everybody's got to breathe somehow  
Don't leave me to die  
You're too consumed by all your emptiness

[Chorus:] x2

You bury me alive  
And everybody's got to breathe somehow  
Don't leave me to die

Too consumed by your own emptiness and lies
