I hate the life Im in,  
Stuck in a fucking rut.  
The feelings are shut within,  
I never get enough.  
No one cares about me,  
And no one gives a shit.  
My life, my state, my happiness,  
Are less than insignificant

Frustration is my meal,  
And anger is my drink:  
The only solution is just to try and not think.  
Fuck everyone else, and fuck all of my sins.  
Have I had a bad day?  
Well, I guess that just depends.

Im really getting fucked,  
By all of those around me.  
But now I dont care much,  
Because I just let them fuck me.  
All of those feelings I have,  
Are driving me insane.  
But I wont say a word,  
It wont make a difference anyway.

Frustration is my meal,  
And anger is my drink:  
The only solution is just to try and not think.  
Fuck everyone else, and fuck all of my sins.  
Have I had a bad day?  
Well, I guess that just depends.

Let me go!  
Go away!  
Back up, and GO AWAY!

I am not one to say things I dont mean,  
So dont take this as empty words  
You shouldnt be that lucky.  
I meant it and I mean it and I will,  
When you have had enough of me

And when you get your fill.

Frustration is my meal,  
And anger is my drink:  
The only solution is just to try and not think.  
Fuck everyone else, and fuck all of my sins.  
Have I had a bad day?  
Well, I guess that just depends.

Goddamn you for what youve done.
