Plastic Happiness  
Is what the world has descended into  
Plastic Happiness  
Is all a man requires today  
Plastic Happiness  
I can see through you  
Plastic Happiness  
Just get the hell away

In the end  
All the shit  
That man has fought for, lied for,  
Literally died for  
Is going to fade away  
Just like his morality  
On the way  
To this Plastic Happiness

Can't you see the world  
Continue to descend  
Into the hole they dig for themselves?  
Their heads all up in their ass  
They're going down so fast  
They cannot see what they're doing is wrong.  
They take the latest thing  
And make it the king of their world.  
And then they throw it out  
With the rest.  
Are they idiots?  
Are they oblivious?  
Or are they just all caught up in this Plastic Happiness?

In the end  
All the shit  
That man has fought for, lied for,  
Literally died for  
Is going to fade away  
Just like his morality  
On the way  
To this Plastic Happiness.

We've got to break away  
We have got to say  
No more of this shit  
We've got to rid ourselves  
Of this Plastic Happiness.  
We've got to break away  
We have got to say  
No more of this shit  
We've got to rid ourselves  
Of this Plastic Happiness.

In the end  
All the shit  
That man has fought for, lied for,  
Literally died for  
Is going to fade away  
Just like his morality  
On the way  
To this Plastic Happiness...
