The other day I thought that I knew you,  
I thought that I was with someone I understood.  
I hoped that it was real and not just a cruel joke,  
Looks like what I got was the shaft.  
Now that I am around you it is all that I can do  
To not break down and beg for the answers.  
Maybe it will come in time if I wait for you  
Until then I'll bare it all and pray that you have too.

Fading  
The truth is fading  
Into the sea of lies.  
It seems  
Everyone else knew you  
Except for me.

I can't say that I ever thought to ask, I didn't think to;  
I didn't think it was necessary since we never lied.  
The comfort around you I once experienced  
Has all but up and left.  
The tension is appropriately in the air  
And I keep trying to remove your mask.  
I know that I've told you I hate to be lied to;  
Just tell me the motherfucking truth.

Causing  
This doubt is causing  
Me to feel this hate.  
Suspensions  
Are my feelings  
And they're taking over me.

Tell me...  
Tell me...  
Tell me...  
Tell me...

Down  
Down it goes  
The drain swallowing it.  
Rape

Rape my confidence  
With your lack of honesty.

Maybe this will go back to normal.  
Maybe I will see.  
Maybe you will decide to confirm  
Until then only time will tell.
