You look pale today  
there must be something wrong inside

Do you feel what I will say? Suspicion's in your mind.  
You think you are so smart  
you're playing tricks on me

I look into my heart and this is what I see:

We're no longer friends  
no reason to pretend

Do you feel the endz Save your promises  
they're all in vain.  
We're no longer friends  
all my trust's been spent

Do you feel the end? Change your part and have  
another chance

- Another  
another  
another  
another  
another  
another chance. -

It will take a while  
hurts to see you in despair

Let's shake hands and smile  
nothing to repair.

We're no longer friends  
no reason to pretend  
...

We're no longer friends  
all my trust's been spent

Do you feel the end? Change your part and have

another chance

- Another  
another  
another  
another  
another  
another chance. -  
It will take a while  
hurts to see you in despair

Let's shake hands and smile  
nothing to repair.
