I saw you, you were standing outside the Qik-N-Ez
And I spilled my soda, my stomach felt real queasy

And I see you and I wonder what you think of me
'Cause I can't present myself very attractively
Could I ever give you everything you'd ever need?
If I asked you on a date would you just laugh at me?

Your curly brown hair was blowing in the breeze
I could not control the shaking in my knees

And I wanna look into those great big eyes of blue
And I wanna fall so hopelessly in love with you
And I hope that you will feel the same way that I do
But I just can't seem to get the nerve to talk to you

And I told myself that I would never let you take my
heart from me
And I told myself that I would never let you take my
heart from me
And I told myself that I would never let you take my
heart from me
And I told myself that I would never let you, yeah
