new brat in town
new brat in town
who's been found
counting aloud- when there's a new brat
in town

your precious things
your precious dear
and a chat show host
went and cut the throat
of an off-shore engineer

hey hey! yeah yeah!
assumed a crucifix
hey hey! yeah yeah!
you are the promper one

I'll give you half an hour, make a phone call
pack a suitcase, break your fingers
shut the door and don't be late
I give you half an hour
new brat in town - got the bully boys
out and twenty pound of hate

she's an acrobatic kid
high-flyer as a child
been eaten alive - time after time
you're doing fine
