# "THE CHILD BRIDES"

When I first saw the child brides  
two bridegroom boys at their side  
genevieve in union with -holy communion  
Marianne the younger wife

and the child brides  
went down to the water  
neptune calls out to his daughters  
throw yourself at the tide  
IÂ´ll see you on the other side

in a loveless marriage - when I was fourteen  
all braised knees and black eyes  
then you come round here  
with your fancy talk and big ideas  
what have you done with our wives

chorus

bride of Christ, bride of Jesus  
bride of the fish when youÂ´re fathoms down  
and the uncles and the brother  
with their Sunday suits on  
search the village and towns  
but the child brides etc.
