Been waiting here for days
To hear your voice, to see your face
Who's gonna pay the rescue bill
I'm all tapped out, I hope somebody will

And I'm running out of time
Looking for an answer, somebody to give me a sign
And I knew that you would fall
You're one more face in a frame upon my bedroom
wall

There's no solicitations
Cause love is just an exaggeration

Don't fall in (don't fall in)
Don't fall in too deeply
Don't fall in (don't fall in)
Cause you might not get up off the floor
Don't fall in (don't fall in)
Don't fall in too deeply
Don't fall in (don't fall in)
Cause your life is right behind the door
It's right behind the door

And I'm gonna and leave this town
Go quietly, gonna fade without a sound
Things get worse when you fall from grace
Try to find me with a leaden face (?)

There's no solicitations
Cause love is just an exaggeration

Don't fall in (don't fall in)
Don't fall in too deeply
Don't fall in (don't fall in)
Cause you might not get up off the floor
Don't fall in (don't fall in)
Don't fall in too deeply
Don't fall in (don't fall in)
Cause your life is right behind the door
It's right behind the door

Don?t fall in (don?t fall in)
Don?t fall in too deeply
Don?t fall in, don?t fall in
Cause you might not get up off the floor
Don?t fall in (don?t fall in)
Don?t fall in too deeply
Don?t fall in (don?t fall in)
Cause your life is right behind the door
Right behind the door

I?ve been waiting here for days
To hear your voice, to see your face
Who?s gonna pay the rescue bill
I?m all tapped out, I hope somebody will
