Dare I face away  
with a stone moving hand  
maybe you would stay  
if i'd just give in

Chorus:  
but I wont  
cause she dont know  
that it's not easy  
to be pleasing  
everyone cause your by yourself  
when your lost for a season  
but I've got a reason to find  
a door way out of here

closed down questioning  
schemes you see right through  
crowd is listening  
leaving only you

(chorus)

da da da . . .  
yeahhhh

(chorus)  
find a door way out of here yeahhh  
to find a door way out of here

and day light fades away  
with a storm moving in  
and maybe we'll stay  
if I just give in
