I've been missing you for so many days  
I keep wanting you [lord} in so many ways  
I cant get you off of my mind  
But true love is so hard to find  
I want yet another day  
Ooh I need another day  
Darling, let me have another more day  
And I can be anything that you want me to be, now  
The sweet things you used to do to me  
Sometimes you used to say them to me  
I can't forget those lovely days  
But this is the price I am about to pay  
Ooh I want another day  
You can let me have just one more day  
Ooh I need one more day  
And I will do anything that you want me to to  
I will do anything that you want me to do, now  
Say anything that you want me to say  
Buy you anything you want me to buy  
And I can cherish you till the day I die  
If you let me have another day  
Please let me have one more day  
Ooh I want just one more day [lord}  
And it can be anything that you want it to be  
Ooh no,  
Ooh  
Just one more day now  
You can let me have just another day, now  
Please I want to stay And the day after and after  
And I want all the days  
And I want all the days  
And I want you here by my side  
And I don't want you do leave me  
And You can let me have one more day  
And I can love you long for the rest of my life I can cry,  
cry, cry  
Please, Let me have just one more day  
Just another day  
Let me have all my days  
Let me have Let me have all the days I gotta,  
I Gotta I gotta have just all the days
