Now this getaway You find this is not me I' m listening and watching baby

And I will not find a way to say you don' t baby This is not a hunger baby

And now the sky fall But anyway you don't think this is how you feelin baby

And I will be far away
Then you don't want
This is cannot be a way now
You wanna know that I' m well

l' II be the fire Now and maybe forever

Do you never know what you want? This is my fire that' s here burnin

You can' t wait for me in the snow You said early afternoon shorty

Don' t ever wanna fight Said stop, don' t let anyone through me

I don't ever wanna die Feel stubborn til you come back to me, me

Well l' Il be there for long And maybe forever more

I said I said I said I' mma say
Don' t ever look back
You said never find left and burnin
And I' II water you, I' m lovin you
You left for me this box
You said hurry and to never come late
Far away, far away

l' m never coming back You said stand right there, then come to me Let it out now now now

You ever wanna try You said stand there, then come to me

Nothing in our world l' ll be there for… and nowhere Maybe forever
