

Autre Ne Veut "Promises"

Visit "[Promises](#)" on MotoLyrics.com

It's the last I break that I'll ever have to with us
And you know that there were some times when I could
care of

You promised me, yea sir
I gave you (down, down, down!)

It's the last, last, last!

Oh it's the last I break that I'll ever have to with
us
And you know that there were some times when I could
care of

But you promised me, yea sir
I gave you (down, down, down!)

Now it's the last I break that I'll ever have to with
us
And you know that there were some times when I could
care of

You promised me, yea sir
I gave you
