I just finished all my packing,
The time has come for me to go away
It's difficult, but am I dreaming?
I wanna live this lifestyle everyday

I don't want to leave this place
I just want my dreams

I never meant for this to hurt you
I never want to see you cry
I wish that I could have you with me
But now it's just my time

So now I'm here and it's amazing
It was worth the trouble after all
This is what I wanted badly
When I stay up (something here)â€¦

I don't want to leave this place
I just want my dreams

I never meant for this to hurt you
I never want to see you cry
I wish that I could have you with me
But now it's just my time

The past year must have been (something here)â€¦
I always knew they would
All I have now is my memories
(Something here)â€¦

I never meant for this to hurt you
I never want to see you cry
I wish that I could have you with me
But now it's just my time

I never meant for this to hurt you
I never want to see you cry
I wish that I could have you with me
But now it's just my time
