You only started going there to pass the time away
You didn't do any work, but you knew it was OK
You never paid attention, like it was just a laugh
But you were having fun when you had to re-take maths

You didn't act like a student
Cuz you wanted to be a star
You didn't like what they taught you
Cuz it wouldn't have got you far

Kicked out, made to leave but you don't care
Thrown out, now people never stop and stare
Kicked out, You didn't like it anyway
Thrown out, to live your dream life everyday

You kept on skipping lessons cuz the effort was too much
You always got in trouble but you didn't give a fuck
So now you've been kicked out, it's time to do your thing
College lasted three weeks, but now you can chase your dreams

You weren't made for the college life
You didn't love the routine
You didn't like the social side
Or the whole student scene

Kicked out, made to leave but you don't care
Thrown out, now people never stop and stare
Kicked out, You didn't like it anyway
Thrown out, to live your dream life everyday

Kicked out, made to leave but you don't care
Thrown out, now people never stop and stare
Kicked out, You didn't like it anyway
Thrown out, to live your dream life everyday
