### "No More Legend"

There's nothing new  
Since rock and roll  
Everything is boring and old  
No sex and drugs  
No time for fun  
Your stuck inside but you're still cold

There's nowhere left for you to go  
Nothing left for you to say  
You're just a no more legend  
Living off your pay

So what to do  
Now you're burned out  
You just lie there on your own  
No more tours  
Around the world  
Remembering good times all alone

There's nowhere left for you to go  
Nothing left for you to say  
You're just a no more legend  
Living off your pay

You've been and done it all before  
When you were in your glory day  
You're just a no more legend  
Living off your pay

You're a no more legend  
No more legend yeah  
Got old and aged  
And lost all your pride  
You're finding it hard to keep up to date  
No care about life  
Don't care about death  
You're working yourself up into a state

There's nowhere left for you to go  
Nothing left for you to say  
You're just a no more legend

Living off your pay

There's nothing new  
Since rock and roll  
You tried to save yourself  
It's too late  
It's too late
