Wish I could stay, I wish I could
Maybe I could live up to everything I said I would
I've never been the one to stick around
Just like the sun when it goes up and then goes down

It's lonely, but the only life I've ever known
I leave so many things undone
And time flies and the goodbyes go on and on
My heart is always on the run

I don't know what it is I think I'll find
It's gotta be worth all this love I've left behind
And there's the price you pay for being free
If anybody has to hurt I hope that it is me

It's lonely, but the only life I've ever known
I leave so many things undone
And time flies and the goodbyes go on and on
My heart is always on the run

Don't think I, don't feel a thing for you
Sometimes I, I cry a little, I cry a little, I do

It's lonely, but the only life I've ever known
I leave so many things undone
Time flies and the goodbyes go on and on
My heart is always on the run
Oh oh, my heart is always on the run
