This time it was really close
Baby I was almost there
I did my hair I think you'd like it this way
It almost didn't cross my mind
You would be so proud of me
Got out of bed and I even saw this play

But then that was about this guy in a band
Who ran into a girl at a bar, honey guess how it ends

And I'm back to missing you
Just because of that
I realize that you're gone again
Flashback and it's on again
And I'm back to missing you
Like it's never gonna end
I realize I'm alone again
Flashback and it's on again
And I'm back to missing you

This time it was oh so close
There were things I just forgot
I had this dream and I couldn't see your face
Yeah I swear I really thought
The memories were slipping now
I still recall the good times honey
But the bad just wiped out

Until I saw the add in the news
Gotta say you looked good
I oughta wish you both all the best
Oh I know I should

And I'm back to missing you
Just because of that
I realize that you're gone again
Flashback and it's on again
And I'm back to missing you
Like it's never gonna end
I realize I'm alone again
Flashback and it's on again

And I'm back to missing you

And now the radio says
I can't live if living is without you
And I know, and I know, and I know, and I know, yes I
know
And all my friends say
You're not the only one
That it can never be the way it was
And I know, and I know, and I know, and I know, yes I
know

And I'm back to missing you
Just because of that

And I'm back to missing you
Just because of that
I realize that you're gone again
Flashback and it's on again
And I'm back to missing you
Like it's never gonna end
I realize I'm alone again
Flashback and it's on again
And I'm back to missing you
